- ____ 10. Other procedural disposition _____

NOTES

Motion from Council on Teacher Education:

To request the University Faculty Senate add a voting member from the Council on Teacher Education as a voting member of the University Curriculum Committee.

Background and Rationale:

The Teacher Education Program is currently represented in the curriculum process in important consultative and advisory roles. All curriculum proposals that affect teacher education majors are sent to the Office of Teacher Education for consultation, and a designee of the Office serves as an ex-officio, non-voting member of the UCC. Once proposals reach the UCC, however, they are voted on and decided by faculty chosen to represent their respective colleges, and whose interests may or may not be in conflict with the university-wide teacher education program. The Council on Teacher Education believes that adding a voting member to represent the university-wide teacher education program perspective is needed to ensure full consideration of the program and to support improvement of majors and programs that involve students seeking a license to teach. The Council notes that the Graduate Program holds a voting seat on the UCC, and seeks parallel recognition.
